Dear Gary,

In the wee hours, when much gets on the all-news AM stations that is not aired when more people are listening, I heard that the sixth floor is about to be opened.

And that reminded me that you have not responded to - think several letters.

I would like my Moorman print returned if no more enhancement is being done with it. And, of course, if there are any prints of the enhancement I'd like to see them.

I also asked you about Nigel's rebuttal(s) of the alibis. I'd like to know whatever he said and to have a copy for archival purposes.

I hope you silence does not mean that anything is wrong.

Nothing really new here.

Best,

Harold
